- inspires students to learn

The correct answer is: inspires students to learn

10. As a newly-trained teacher, your headteacher expects you to know the various forms of assessments to help your students learn effectively. Identify the three main forms of assessments you can use to advance the learning of your students.

- Assessment for, assessment as, assessment is
- Assessment for, assessment as, assessment by
- Assessment as, assessment for, assessment of
- Assessment of, assessment at, assessment with

The correct answer is: Assessment as, assessment for, assessment of

11. What core and transferable skill will teachers achieve when they use discussion method in teaching?

- Communication
- Innovativeness
- Inclusivity
- Digital literacy

12. Which of the following options is an example of a visual instruction resource?

- Tape recorder
- Radio

- Textbook
- All of the above

The correct answer is: Textbook

13. In general, teachers use questions to...

- give commands to students
- make exclamations to students
- make statements to students
- solicit information from students

The correct answer is: solicit information from students

14. The Chinese proverb that “Tell me I forget; show me I remember; involve me, I understand” explains fully the principles of...

- brainstorming
- instructional method
- question and answer method
- simulation method

The correct answer is: simulation method

15. The concept of curriculum development excludes ...

- family aspirations
- international considerations
- national goals
- societal goals

16. Which one of the following options is the sole basis of designing the curriculum?

- Commercial needs of the school
- Constitutional imperatives of the country
- Educational needs of the learner
- Socio-economic status of parents

The correct answer is: Educational needs of the learner

17. As a would-be professional teacher, when do you think your scheme of work should be ready? By the ...

- beginning of the term
- end of the academic year
- beginning of the week
- end of the week

18. In the preparation of a lesson plan, teachers must ensure that their stated specific objectives have the following characteristics except ...

- achievable
- measurable
- observable
- sustainable

The correct answer is: sustainable

19. The most important roles teachers play in creating effective classrooms are teacher subject matter-knowledge, teacher personality and ...

- assessment
- counselling
- punishing
- motivation

The correct answer is: counselling

20. In the construction of lesson objectives, teachers must ensure that the degree or level to which an expected behaviour is demonstrated to be acceptable (how well) is satisfied. This can be referred to as ...

- behaviour
- condition
- content
- criterion

The correct answer is: criterion

21. In which group or category of teaching resources in SHS can maps and other explicit symbols be included?

- Audio resources
- Audio-visual resources

- Visual resources
- All of the above

The correct answer is: Visual resources

22. Before beginning a new topic, a teacher administers a pre-test and finds that half of the students do not have the necessary prerequisite skills for the new topic. How should the teacher proceed?

- Teach the new unit anyway because all students will have to take a test on the material in 2 weeks' time.
- Divide the class into two groups and provide remedial activities for those who did not pass the pre-test.
- Give the students who failed the pre-test extra written homework on the skills for the next two weeks.
- Show all the students a video covering the skills and proceed with teaching the entire class.

The correct answer is: Divide the class into two groups and provide remedial activities for those who did not pass the pre-test.

23. Which of the following methods and practices of education enables students to develop the capacity to learn on their own and become life-long learners?

- Andragogy
- Heutagogy
- Ontology
- Pedagogy

The correct answer is: Heutagogy

24. Ms. Lamisi Awini considers herself as a facilitator of students' learning. Her desire is for students to explore to find solutions to problems. Hence, she usually asks skillful and thought-provoking questions to enable her students to find solutions to problems. Which one of the following teacher-centred methods of teaching does Ms Lamisi Awini usually adopts?

- Discussion
- Discovery
- Expository
- Simulation

The correct answer is: Discovery

25. Using a wide range of ideas and techniques to create new and useful ideas to solve a societal challenge is an example of ...

- digital literacy
- communication
- creativity
- teamwork

The correct answer is: creativity

26. In one of his classes, a teacher asked his students to write the names of presidents who have ruled Ghana during the 4th Republic and their periods of reign. What type of question did he use?

- A. Leading question
- B. Factual question
- C. Problem question
- D. Evaluative question

The correct answer is: B. Factual question

27. Your headmaster has asked you to explain the uses of students' assessment results to a newly-trained teacher in your school. Which of the following options will not be one of the reasons you would give? They help to ...

- A. provide progress and grading of students.
- B. manage and improve teaching.
- C. dispel students from school.
- D. make placement decisions.

The correct answer is: C. dispel students from school.

28. Mr. Kweku Ananse wants his students to adhere to his class rules. Which of the following options should he adopt?

- A. Inform the class that punishments are banned.
- B. Involve the class in establishing the rules.
- C. Punish the entire class when one student misbehaves.
- D. Set the rules and inform the class about it.

The correct answer is: B. Involve the class in establishing the rules.

- A. Formative

- B. Open-ended
- C. Performance
- D. Portfolio

The correct answer is: C. Performance

30. The key components of a scheme of work include the following except ...

- A. an outline of what will not be covered, and in which lessons.
- B. a list of resources and activities to be used in lessons.
- C. guidance on best teaching methods for covering certain areas.
- D. references to the curriculum you have chosen to cover.

31. A non-professional teacher wants to understand the need to prepare a lesson plan for every instruction. Which one of the following options is not a reason for preparing it? It ...

- A. provides a sense of direction and standards.
- B. helps build teachers' confidence in teaching.
- C. helps students to do more work.
- D. serves as records of work done over a period of time.

The correct answer is: C. helps students to do more work.

32. A teacher has finished teaching a 40-minute lesson he prepared in the morning. He can do all the following activities to end the lesson except....

- A. revision of relevant previous knowledge
- B. advanced preparation
- C. evaluation of lesson
- D. summary of lesson

33. How can a teacher assess students to know if they have acquired collaborative skills? By asking students to ...

- A. do group works and presentation.
- B. generate ideas to solve problems individually.
- C. do PowerPoint presentations individually.
- D. apply technology to support learning.

34. To make questioning effective, teachers are required to direct questions to...

- A. students who raise their hands.

- B. all students in the class.
- C. brilliant students only.
- D. naughty students only.

The correct answer is: B. all students in the class.

35. As a would-be professional teacher, indicate which of the following situations you do not need teaching and learning materials to facilitate students' learning?

- A. Conducting group work on writing story
- B. Doing self-reflection on a lesson
- C. Studying weather changes
- D. Teaching problems on work and time

The correct answer is: B. Doing self-reflection on a lesson

36. Which of the following options is a factor to consider in designing a lesson plan? Knowledge about the ...

- A. teacher.
- B. students.
- C. school.
- D. community.

The correct answer is: B. students.

37. John Mensah is selecting an instructional resource for a lesson he is going to teach. Which of the following factors should he consider to help him do the best selection?

- A. Height of learners
- B. Age of learners
- C. Qualification of teacher
- D. Permission from headteacher

The correct answer is: B. Age of learners

38. Generally, the senior high school curriculum can be seen as the ...

- A. subjects taught in Senior High Schools.
- B. syllabi of senior high schools.
- C. overall activities of Senior High Schools.
- D. overall co-curricular activities of Senior High Schools.

The correct answer is: C. overall activities of Senior High Schools.

39. In a discussion with the Circuit Supervisor/School Improvement Support Officer of an Education Directorate, the headmaster and the teachers argued that the implementation of GESI in schools, especially in the Senior High School is bedevilled with so many challenges. This has resulted in the uncooperative nature of some teachers in the implementation of the policy. Identify a challenge confronting the implementation of GESI in Senior High Schools.

- A. Limited school buildings
- B. Lack of professional support
- C. Resistance from students
- D. Resistance from parents

The correct answer is: B. Lack of professional support

40. No effective learning takes place in the classroom without ...

- A. the learner being at school every day.
- B. the teacher telling the learner what to do always.
- C. some form of activity from the learner.
- D. the learner observing and doing activities.

The correct answer is: D. the learner observing and doing activities.

41. Mr. Amponsah is employing a community-centred approach to teaching in his class. This approach creates room for him to plan classroom activities that require his students to ...

- A. work independent of one another.
- B. determine individual learning goals.
- C. assist one another in solving problems.
- D. post their progress publicly.

The correct answer is: C. assist one another in solving problems.

42. Which of the following options is not a component of the Senior High School curriculum?

- A. Contents
- B. Design
- C. Objectives
- D. Evaluation

The correct answer is: B. Design

43. In Ghana, syllabi for senior high schools are centrally planned and 'fed' into the educational system. Which of the following options are structured based on the syllabus?

- A. Learning and instructional objectives
- B. Lesson plans and objectives
- C. Scheme of work and lesson plans
- D. Scheme of work and learning objectives

The correct answer is: C. Scheme of work and lesson plans

44. A lesson plan is made up of many components. Which of the components of the lesson plan borders on content, behaviour condition and criterion?

- A. Relevant previous knowledge
- B. Objective(s)
- C. Teaching/learning resources
- D. Topic

The correct answer is: B. Objective(s)

45. Mr. Johnson allows his students to use their computers to look for information on a given topic. Which 21st Century skill is he helping the students to acquire?

- A. Communication literacy
- B. Collaboration literacy
- C. Internet literacy
- D. Digital literacy

The correct answer is: D. Digital literacy

46. To ensure free thinking among students, the teacher must create room in his/her class for students to brainstorm. This can better occur when the strength of the teacher's idea in a specific area depends on ...

- A. assessment knowledge.
- B. decision making.
- C. planning.
- D. content knowledge.

The correct answer is: D. content knowledge.

47. One of the ways by which teachers can maximise their teaching time is to ...

- A. improve students' attendance.
- B. allow students to schedule their own restroom breaks.
- C. tell students to read ahead on the topic before class.
- D. identify materials for each lesson or activity.

The correct answer is: C. tell students to read ahead on the topic before class.

48. I am one of the techniques teachers use to lead their students through questioning in order for them to declare a stand through answers that the students provide. Who am I?

- A. Dalton method
- B. Dewey method
- C. Semantic method
- D. Socratic method

The correct answer is: D. Socratic method

49. Which of the following teaching-learning resources enable students to make heavy demands on the extensive application of the sense of touch?

- A. Auditory
- B. Gustatory
- C. Tactile
- D. Visual

The correct answer is: C. Tactile

50. Three Ghanaian teachers by names Kataale, Saani, and Sakeena carefully constructed an achievement test in a subject for Senior High School students, administered and scored under specific uniform conditions where the scores were interpreted in terms of established norms stated in the test manual. These teachers can be considered as ...

- A. classroom teachers.
- B. subject teachers.
- C. test experts.
- D. educational experts.

The correct answer is: C. test experts.

51. An at-risk student is starting to show a decline in his/her academic achievement within the last month. Which of the following options would be the most appropriate way to assist this student?

- A. Asking the student to describe the reasons for the drop in performance

- B. Asking another student to talk to the at-risk student about the problem
- C. Providing activities that will motivate the student through success
- D. Providing highly difficult activities to encourage the student to work hard

The correct answer is: C. Providing activities that will motivate the student through success

52. A newly-trained teacher has been posted to your school but does not know why he/she should design a scheme of work before he/she starts preparing the lesson plan. As a professional teacher, use one important example to explain to him/her the need to have a scheme prior to the preparation of a lesson plan. A scheme of work helps the teacher ...

- A. account for work done in an academic year.
- B. enjoy the lessons delivered to learners.
- C. plan and sequence lessons in advance.
- D. support colleagues in teaching process.

The correct answer is: C. plan and sequence lessons in advance.

53. The headmaster of Half Assini Senior High School has entreated his teachers to integrate Bloom's three domains into their lesson plans and teaching. Which one of the following options does the psycho-motor domain intend to achieve? To ...

- **A. develop learners' skills and abilities.**
- B. increase learners' ability to think logically.
- C. improve learners' attitudes and emotions.
- D. increase learners' intellectual skills.

54. The teaching and learning process is characterised by questioning. Which of the following options is odd about questioning in class? A teacher can ...

- A. ask one question at a time.
- B. ask questions and demand answers immediately.
- C. elicit several responses on a question.
- D. allow students to answer a colleague's question.

The correct answer is: B. ask questions and demand answers immediately.

55. A teacher of Goka Senior High school is not getting real objects to use as aids to teach a topic. When he could not get some from the school, he combed round the town with the intention to buy them, but all to no avail. He, then, decided to use some models and dummies available to enhance his teaching. The use of the non-real materials for the lesson to achieve his objectives is termed as ...

- A. importation.

- B. improvisation.
- C. replacement.
- D. substitution.

The correct answer is: B. improvisation.

56. Which of the following assessments would be best for comparing a student's knowledge with a pre-determined standard?

- **A. Criterion-referenced**
- B. Norm-referenced
- C. Subject-referenced
- D. Content-referenced

57. Mr. Atsu is a curriculum expert tasked to develop the secondary school curriculum. Which of the following factors should guide Mr. Atsu in developing the curriculum?

- A. Community of the people
- B. Culture of the people
- C. Economy of the people
- D. Education of the people

The correct answer is: B. Culture of the people

58. Teacher Kofy prepares a plan that outlines all the learning to be covered in a term. This plan is known as a ...

- A. curriculum.
- B. lesson plan.
- C. scheme of work.
- D. syllabus.

The correct answer is: C. scheme of work.

59. Which of the following ways would be best in helping Ms. Muntaka to maximise instructional time in her Senior High School class? She should...

- A. reduce some of the activities during lessons.
- B. let students know the value of learning.
- C. not prepare teaching and learning materials.
- D. reduce the number of questions during lessons.

The correct answer is: B. let students know the value of learning.

60. In the teaching of her subject, Madam Sakeena Acheampong sees herself as a teacher and a learner at the same time. She is more of a resource rather than an authority in the classroom. Which one of the following student-centred methods of teaching does Madam Sakeena use?

- A. Discovery method
- B. Discourse method
- C. Expository method
- D. Lecture method

61. A question that is asked at the beginning of a lesson can be used to do all the following except...

- A. diagnose errors in learning.
- B. evaluate a new lesson.
- C. introduce a new lesson.
- D. revise previous learning.

The correct answer is: B. evaluate a new lesson.

He has not attended any workshop on GESI. He needs to be advised on how to promote GESI. Which one of the following options can best help him to promote GESI in his classroom and school?

- A. Be a good role model for his students
- B. Teach his students to disrespect others
- C. Force GESI on his students
- D. Force GESI on colleagues

63. What is the most important item among the following in a lesson plan?

- A. Closure/conclusion
- B. Previous knowledge
- C. Indicators/objectives
- D. Assignment

The correct answer is: C. Indicators/objectives

64. The acquisition of core and transferable skills has been emphasised in the current school curriculum. One of the skills is digital literacy. Which one of the following teaching activities help learners develop digital literacy?

- A. Lecturing in class gallery walks
- B. Doing PowerPoint presentation
- C. Oral presentation
- D. Brainstorming

The correct answer is: B. Doing PowerPoint presentation

65. Which of the following options is the best definition of instructional resources? It is any resource teachers use to ...

- A. facilitate learning in the classroom.
- B. teach lessons properly.
- C. facilitate teaching in the classroom.
- D. help achieve lesson objectives.

The correct answer is: D. help achieve lesson objectives.

66. In designing her lesson, Miss Darlington included her students' interests. This inclusion allowed her students to.....

- A. achieve a passing score on class and homework assignments.
- B. use ideas familiar to them as a means of connecting unfamiliar ideas.
- C. understand which sections of the lesson they have already mastered.
- D. focus only on information that they consider important to the lesson.

The correct answer is: B. use ideas familiar to them as a means of connecting unfamiliar ideas.

67. In curriculum planning, objectives are to goals as evaluations are to ...

- A. learners/students.
- B. learning materials.
- C. products/outputs.
- D. teaching materials.

The correct answer is: C. products/outputs.

68. A 19-year old senior high school student made noise during a lesson. The best way for Teacher Pinto to handle this student without disrupting the lesson is to ...

- A. let the noisemaker kneel down in front of the class.
- B. use nonverbal cues to warn the noisemaker.

- C. report the noisemaker to the school head.
- D. shout at the noisemaker.

The correct answer is: B. use nonverbal cues to warn the noisemaker.

69. Which of the following options best describes assessment for learning?

- A. Teachers to use evidence about students' knowledge, understanding and skills to inform their teaching.
- B. Students to use evidence about teachers' knowledge, understanding and skills to inform their teaching.
- C. Directors to use evidence about teachers' knowledge, understanding and skills to inform their teaching.
- D. Prefects to use evidence about students' knowledge, understanding and skills to inform their teaching.

70. The philosophy of progressive teaching adopted by Mr. Saani creates room for students to develop their thinking skills and be able to examine the established power structures, as well as the patterns of inequality constituted in the status quo. This method and practice of education is called critical ...

- A. andragogy.
- B. pedagogy.
- C. heutagogy.
- D. ontology.

The correct answer is: B. pedagogy.

70. The philosophy of progressive teaching adopted by Mr. Saani creates room for students to develop their thinking skills and be able to examine the established power structures, as well as the patterns of inequality constituted in the status quo. This method and practice of education is called critical ...

- A. andragogy.
- B. pedagogy.
- C. heutagogy.
- D. ontology.

The correct answer is: B. pedagogy.

71. Within the context of teacher education, curriculum development refers to the total process of curriculum ...

- A. implementing.
- B. evaluating.

- C. designing.
- D. all of the above.

The correct answer is: D. all of the above.

72. In his quest to ensure effective teaching in his school, Mr. Antwi always ensures that teachers working under him provide the content of the syllabus for a certain period of time. He also ensures that the topics within the content are broken down into smaller units and duration of time is assigned to them appropriately. Again, he ensures that the teachers arrange the units sequentially such that those that provide prerequisite learning are placed before subsequent ones. Which of the following documents does he emphasise?

- A. Lesson plan
- B. Scheme of work
- C. Syllabus
- D. Weekly plan

The correct answer is: B. Scheme of work

73. Kwame is capable of completing assignments but often lacks the motivation to do so. As a would-be professional teacher, which strategy would best address the problem directly?

- A. Creating an academic contract between the student and teacher
- B. Giving additional credit for class participation and attendance
- C. Monitoring the students closely during class
- D. Sending weekly progress reports to parents

74. Effective communication in the classroom demands that a student's question should first be received by the teacher, who in turn throws the question back to the class for an answer after rewording it, if the question is not clear. To do this, the teacher must first ...

- A. listen attentively to the question.
- B. identify the student asking the question.
- C. control the student asking the question for attention.
- D. commit himself/herself to teaching the class.

75. As a would-be professional teacher, if you are asked to choose between two different textbooks when deciding on which one to use for your classroom instruction on the same discipline, it is best you...

- A. examine the textbooks to see which one offers more challenging review questions.
- B. identify the book that more closely matches the curriculum materials you have used in the past.

- C. compare each book to the established curriculum standards for the course.
- D. determine which book has more interesting texts and pictures.

The correct answer is: C. compare each book to the established curriculum standards for the course.

76. Kofi is a regular absentee in school and his teacher, Mr. Egbenya, is concerned about how the absenteeism is affecting Kofi's academic progress. Which of the following options is the most appropriate action for Mr. Egbenya to take first?

- **A. Holding a student-teacher conference**
- B. Requesting a child study team meeting
- C. Requesting a placement-service meeting
- D. Holding a parent-teacher conference

77. Miss Anku is preparing a lesson for a small group of students with Special Educational Needs and Disability (SEND). She is concerned about how to present the content of the lesson. Which of the following instructional activities would be most appropriate for this group of students?

- **A. Structured demonstration and guided practice activities**
- B. Unstructured discovery activities
- C. Perceptual motor activities and unguided practice activities
- D. Teacher's presentation and discussion on unguided activities

78. Role play and dramatisation as instructional strategies share a lot in common. Which one of the following options makes dramatisation different from role play?

- A. The objective to achieve
- B. The roles played by the actors
- C. Those who play the role
- **D. The costume used**

The correct answer is: D. The costume used

79. A teacher's aim is to transform biological beings into social beings by ensuring that they learn what they are to know in order to become responsible and competent members of the society. This implies that to educate is to change ...

- A. competencies.
- B. behaviour.
- C. skills.
- **D. knowledge.**

The correct answer is: B. behaviour.

80. As an experienced professional teacher, your headmaster has charged you to explain to a group of newly-trained teachers the various ways that could be employed to ensure proper sequencing of topics in a scheme of work. Which of the following will you not include in your explanation? Begin with the ...

- A. abstract topic.
- B. easiest topic.
- C. familiar topic.
- D. less difficult topic.

81. Use the following preamble to answer the next three questions (Q81 – Q 83)

Mrs. Adzroe Amelor, a teacher, prepared a lesson plan to teach a 60-minute lesson. She set the following objectives: By the end of the lesson, the student will be able to:

- i)
state, at least, four causes of environmental pollution.
- ii)
understand the effects of environmental pollution.
- iii)
refrain from polluting the environment.
- iv)
distinguish between sanitary and insanitary environments.

Which of the objectives is the most specific?

- A. state, at least, four causes of environmental pollution.
- B. understand the effects of environmental pollution.
- C. refrain from environmental pollution.
- D. facilitate between sanitary and insanitary environments.

82. Which of the objectives was stated using the appropriate action verb?

- A. state, at least, four causes of environmental pollution.
- B. understand the effects of environmental pollution.
- C. refrain from environmental pollution.
- D. facilitate between sanitary and insanitary environments.

83. Which of the objectives is at the lower order thinking level?

- A. state, at least, four causes of environmental pollution.
- B. understand the effects of environmental pollution.
- C. refrain from environmental pollution.

- D. facilitate between sanitary and insanitary environments.

84. Assessment of the core and transferable skills is very essential in the teaching and learning process. Teachers can effectively assess those skills through the following options except ...

- A. adopting a balanced assessment, including standardised testing alongside classroom assessment.
- B. stressing on useful feedback on student performance that is included in everyday learning.
- C. developing portfolio of student work that demonstrates mastery of those skills to teachers and others.
- D. emphasising end-of-programme and external assessment.

The correct answer is: D. emphasising end-of-programme and external assessment.

85. A headmistress of a senior high school advised her teachers to manage their classes well. She added that teachers should note that “they are facilitators of learning, not prison wardens; students are well intentioned and reasonable individuals, not wild animals in search of training, or weak individuals controlled by emotions or compulsions that they cannot control”. Invariably, what classroom management technique does the headmistress want her teachers to adopt?

- A. School-centred management technique
- B. Teacher-centred management technique
- C. Student-centred management technique
- D. Student-teacher-centred management technique

The correct answer is: C. Student-centred management technique

86. The preparation of instructional resources is important for lesson delivery. However, Mr. Kudjo has refused to prepare any instructional resources for his lessons. Which of the following options could be his reason for the unpreparedness to use them? Using instructional resources ...

- A. motivates students.
- B. makes lessons interesting.
- C. helps students participate actively in the lesson.
- D. consumes time and energy.

The correct answer is: D. consumes time and energy.

87. Ms Araba Bruce wants to write good and effective test items for an end of term or semester examination. Meanwhile, she has inadequate idea about how to write effective test items. As a would-be professional teacher, which of the following options do you think can guide her to live up to expectation?

- A. Formulate items that are clear, concise and precise.

- B. Base test on information the students know.
- C. Give clear directions for the entire test.
- D. All of the above.

The correct answer is: D. All of the above.

88. Read statements A and B below about classroom management and then choose the correct option: Statement A: When teachers demonstrate and model expected behaviour, students are more likely to improve their behaviour within the classroom. Statement B: Teachers' behaviours have no effect whatsoever on the learning of students.

- A. A is true and B is false
- B. A is false and B is true
- C. Both A and B are true
- D. Both A and B are false

89. Ms. Azambuja wants to ask her students an evaluative question. Which of the following questions is the best?

- A. How can filth be cleared from the streets of our towns and cities in Ghana?
